## INSTALLATION INSTRUCTIONS

Item#77100-XX-L (New. 2024/06/18)

## **READ AND SAVE THESE INSTRUCTIONS**

# WARNING! SHUT POWER OFF AT FUSE OR CIRCUIT BREAKER. AVERTISSEMENT! COUPER LE COURANT AU NIVEAU DES FUSIBLES OU DU DISJONCTEUR.

#### **MOUNTING THE FIXTURE (Fig.1)**

- 1. Shut off power at the fuse box or circuit breaker. If necessary, remove the old fixture including the mounting hardware.
- 2. Carefully remove the fixture from the carton and check that all parts are included as show in Figure 1.
- 3. Unscrew screws (C) and rubber washers (E). Separate mounting plate (A) from fixture (D).
- 4. Position mounting plate (A) on the wall and mark the location of two drywall anchors (F). Pre-drill the holes for drywall anchors (F). Insert drywall anchors (F) into wall.
- Attach mounting plate (A) to the junction box (Not included) with mounting screws (B) (size: 8-32\*1/2"L).
   The side of the mounting plate (A) marked "GND" must face out.
- 6. Place woodscrews (G) through holes into drywall anchor (F) to secure mounting plate (A) as shown in (Fig.1).

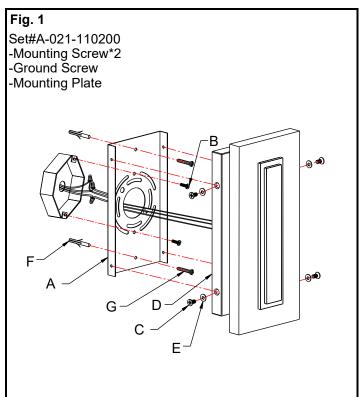

### **CONNECTING THE WIRES (Fig. 2)**

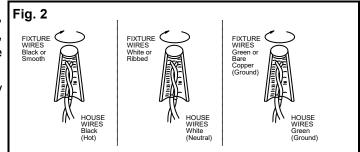

- 7. Connect the electrical wires as shown in Fig. 2, making sure that all wire connectors are secured. If your junction box has a ground wire (green or bare copper), connect the fixture's ground wire to it. Otherwise, connect fixture's ground wire directly to mounting plate (A) using green screw provided.
- 8. After the wires are connected, tuck them carefully inside the junction box.

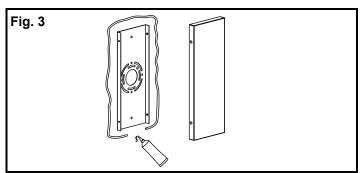

#### **FINISHING THE INSTALLATION (Fig.1)**

- 9. Align fixture (D) onto mounting plate (A) and secure with screws (C) and rubber washers (E) provided.
- 10. To prevent moisture from entering the junction box and causing a short circuit, use clear caulking (i.e. Indoor/Outdoor silicone sealant) to outline the outside of fixture (D) where it meets the wall leaving a space at bottom to allow moisture a means to escape (Fig.3).

Your installation is now complete. Return power to the junction box and test the fixture.

Dimmable with ELV and/or LED compatible wall dimmer switches.
